PROFILE

I am a Computer Science Engineering student at SAGE University, Indore, with a strong foundation in programming and web development. Proficient in C/C++, Java, HTML, CSS, JavaScript, React.js, and other modern technologies, I excel at designing and integrating user-friendly, responsive web solutions. My experience includes developing dynamic websites and leveraging databases such as MySQL and MongoDB. I am a creative problem-solver with excellent teamwork and communication skills, eager to contribute to a technology-driven firm as an entry-level software engineer.

Work Experience

Digital Marketing Intern
Digital Mind Web Solution
2022/07 – 2023/01 | Indore, India
- Developed creative marketing campaigns and blog posts for microadia.net.
- Managed email marketing strategies and social media ads, enhancing online engagement and conversion rates.
Website Developer
Freelancing
2023/07 – present | Indore, India
- Created responsive and SEO-optimized websites for various clients using HTML, CSS, JavaScript, and React.js.
- Integrated dynamic features with backend connectivity using MySQL and MongoDB.
- Improved website performance and speed optimization, contributing to a better user experience.

Projects

Timely Trigger: An Intelligent Timetable Generator Using Cloud and IOT Technology ⧉
2023/11 – 2024/04
- This was my final year project at SAGE University Indore.
- The project involves developing a full-stack application that serves as a productivity tool for scheduling, reminders and tracking.
- Utilized technologies such as Next.js, and Pyhton(Flask) to build an interactive and user-friendly interface and backend.

Valfom Industries Website ⧉
2023/09 – 2023/10
- In this website every line of code is a brushstroke, and every animation is a masterpiece powered by GSAP with the fusion of code and creativity!
- Beyond the visual spectacle, this website is engineered for success in the digital arena. With SEO optimization at its core, each project is strategically positioned to shine in search engine rankings, ensuring maximum visibility for the work.
